**T7511** = Product group; Product group discount T 75 1\_

## ESD IC Transport Boxes Made of Conducting Plastic Series: ICBOX

### Features

- Electric conducting plastic IC box inserted with plastic foam made from high-pressure polyethylene.

### Dimensions

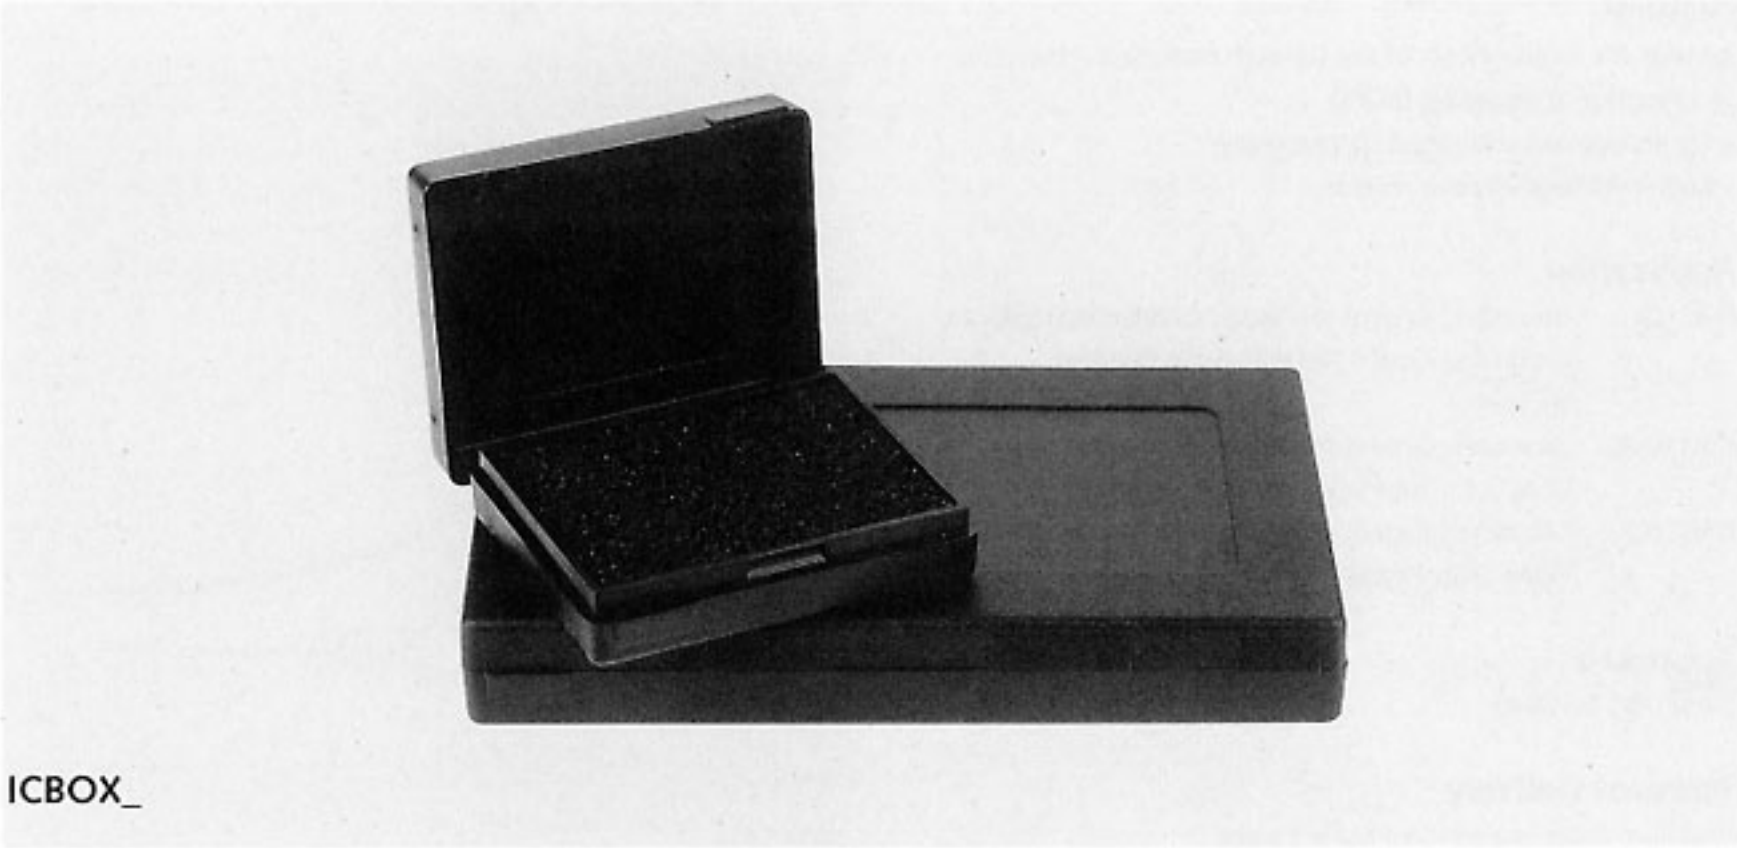

Part Nr.	L [mm]	W [mm]	H [mm]
ICBOX21	44	56	13
ICBOX31	67	116	14

### Terms of Delivery

Minimum order quantity: 1 PKU = 5 pieces

**Manufacturer:** Various

Part Nr.	Part Description
ICBOX21	Transport Box 44x56x13mm
ICBOX31	Transport Box 67x116x14mm

**T7513** = Product group; Product group discount T 75 1\_

## ESD IC Transport Accessories PU Insertion Foam Series: MS

### Features

- Hard conductive insertion foam (PU)
- non-aging
- low resistance ( $10^3 \dots 10^4 \Omega$ )
- does not damage the pins or changes the pin angle

### Dimensions

Part No.	L [mm]	B [mm]	H [mm]
MS5040-6	50	40	6
MS7262-6	72	62	6
MS400250-5	400	250	5

### Terms of Delivery

Minimum order quantity: 1 PKU = 100 pieces

MS400250-5: 1 PKU = 10 pieces

**Manufacturer:** Various

Part Nr.	Part Description
MS5040-6	MOS-Synthetic Foam 50x40x6mm
MS7262-6	MOS-Synthetic Foam 72x62x6mm
MS400250-5	MOS-Synthetic Foam 400x250x5mm
