ESD PE Bags With Pressure Seal Series: TRO

Features

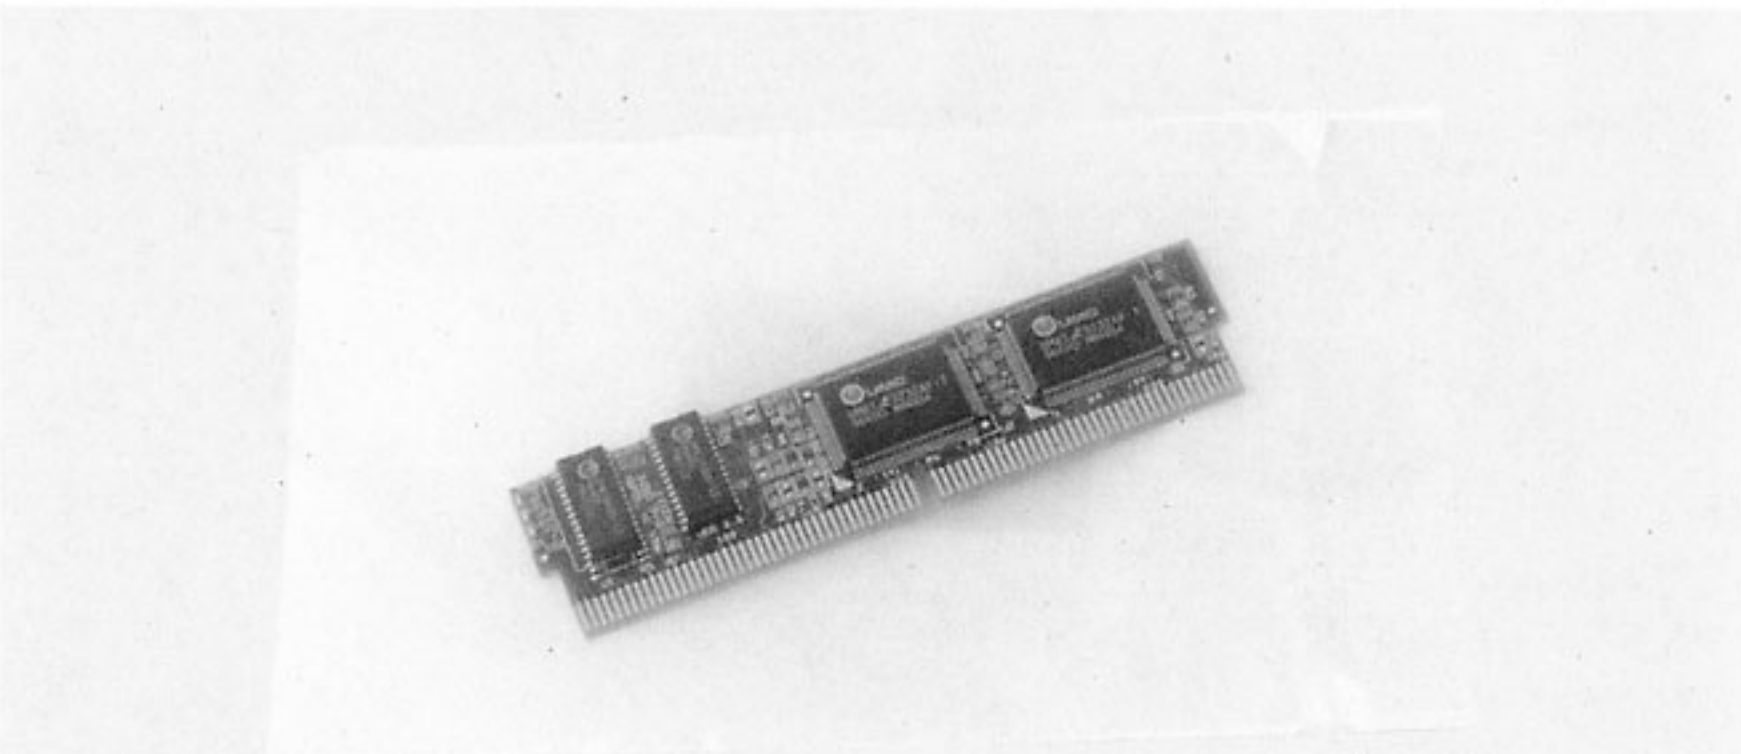

- meet with DIN EN 61340
- printed with ESD sign and safety hints
- dissipative
- Surface resistance: by $10^{11}\Omega$
- transparent
- one layer
- film thickness: 80µ

Terms of Delivery

Minimum order quantity: 1 PKU = 100 pieces

Manufacturer: Various

Part Nr.	Part Description
TRO100	PE Bag Pink Poly 150x250mm
TRO150	PE Bag Pink Poly 150x250mm

ESD PE Bags Without Seal Series: TSW

Features

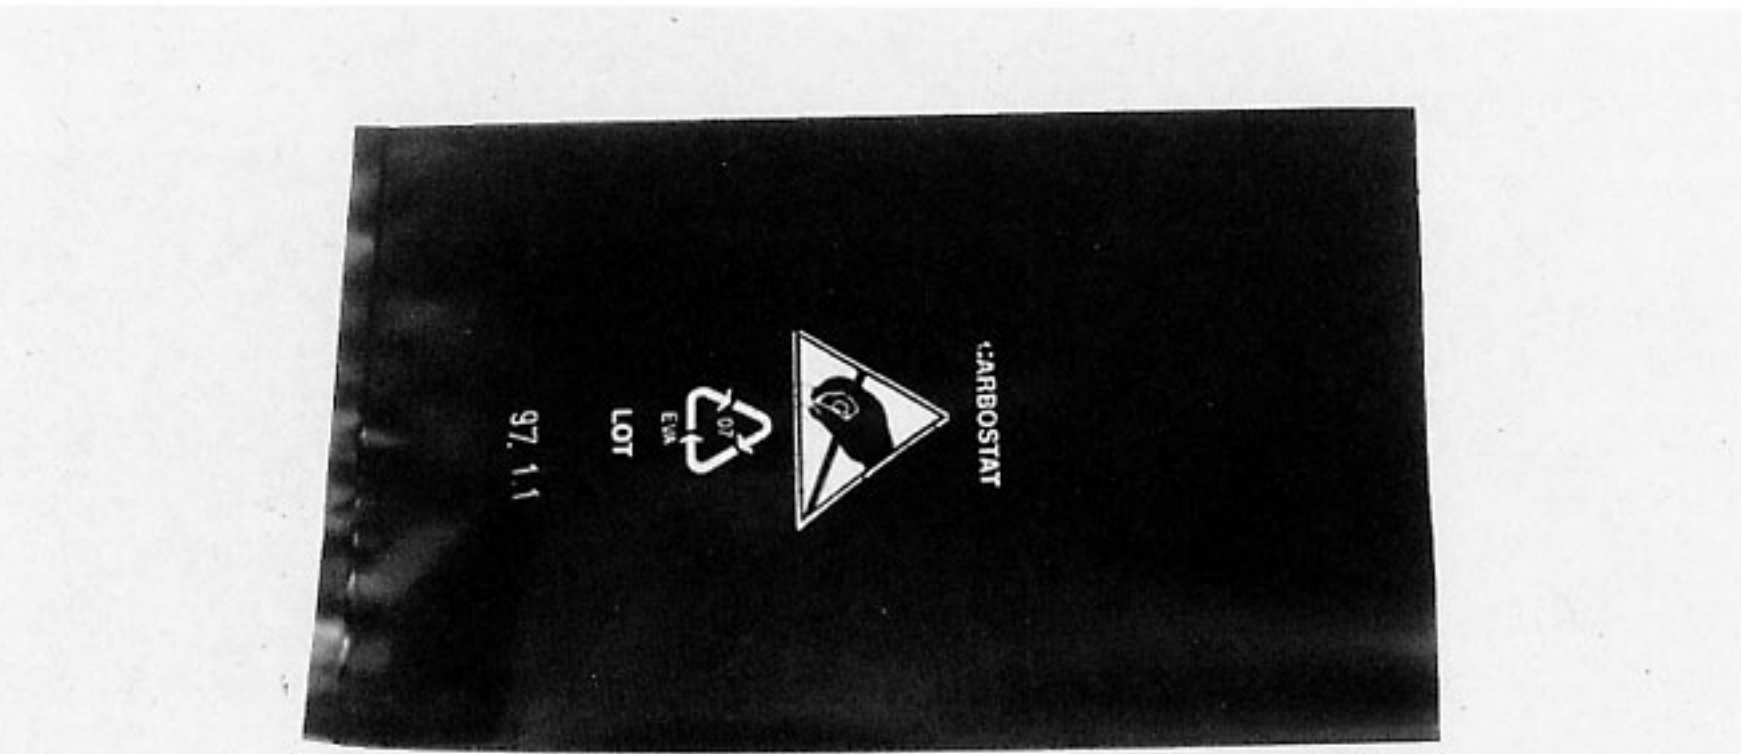

- avoids electrical charging and discharges existing charges
- meet with DIN EN 61340
- printed with ESD sign and safety hints
- conductive
- Surface resistance: by $10^{11}\Omega$
- one layer
- black
- film thickness: 80µ

Terms of Delivery

Minimum order quantity: 1 PKU = 100 pieces

Manufacturer: Various

Part Nr.	Part Description
TSW100	PE Bag Conductive 100x150mm
TSW150	PE Bag Conductive 100x150mm
TSW250	PE Bag Conductive 250x300mm

ESD Metallized Shielding Bag With Pressure Seal Series: TME

Features

- meet with DIN EN 61340
- printed with ESD sign and safety hints
- shielding
- Surface resistance: 109... $10^{11}\Omega$
- resistant of the shielding layer: $10^2\Omega$
- transparent
- multi layer
- film thickness: 80µ

Terms of Delivery

Minimum order quantity: 1 PKU = 100 pieces

Manufacturer: Various

Part Nr.	Part Description
TME100	Met. Shield. Bag 100x150mm
