

# Fast Chargers

**S7231** = Product group; Product group discount S 72 3\_

**ENERGY16E**  
High-tech Desktop Charger with Automatic Refresh/Discharge Function for up to 12 x Micro AAA, Mignon AA, 6 x Baby C, Mono D, as well as 4 x 9V Block Batteries

## Features

The same as ENERGY8-PLUS

## Technical Specifications

Input Voltage (50...60Hz): .....100...240V  
Dimensions: .....256x258x77mm  
Weight: .....1200g

## Charging Data

See ENERGY8E

**ENERGY-CHK-LCD**  
Smart Battery Tester for all Common Rechargeable Batteries and Primary Batteries

## Features

- Compact and easy to use tester
- Checks the capacity of all kinds of batteries and rechargeable batteries within 2...3 seconds
- Shows the battery capacity in 10% steps as well as the real voltage

- The following battery types can be checked:

Lithium button cells 3V:

CR1025/CR1216/CR1220/CR1616/CR1620/CR2016/CR2025/  
CR2032/CR2320/CR2430/CR2450

Lithium photo batteries: CR 2/CR123A/CRV3/CRP-2/2CR 5

Alkaline button cells:

LR43/LR44/LR45/LR48/LR54/LR55/LR58/LR59/LR60/LR66

Zinc air button cells: V675/V13/V312

Alkaline batteries: A 23 (12V)/AAA/AA/C/D/9V

NiCd and NiMH cells: AAA/AA/C/D

## Technical Specifications

Dimensions: .....195x100x34mm  
Weight: .....220g

## Labelling

CE

## Terms of Delivery

Minimum order quantity: 1 PKU = 1 piece

Delivery contents: charger/ENERGY4: charger included

Interchangeable power supply EU, U.S., GB, Australia

Manufacturer: **AN-MANN**
