

3-Way-Crimping Pliers

T4631 = Product group; Product group discount T 46 3_

3-Way-Crimping Pliers For Telephone Modular Plugs Series: TWZ

Features

- Cutting, stripping and crimping using only one tool
- Made of special steel, black burnished surface
- PVC insulated grips
- Length: 190mm, TWZ2008R: 205mm

Application

The three steps to attaching modular plugs:

1. Cut the cable to the desired length
2. Strip the cable jacket by force to the required length
3. Insert the plug into the plug holder and lead in the cable. After closing the crimping pliers, the wires are pressed into the cutting jaws until the ratchet releases.

Application

Part Nr.	Application
TWZ2008R	For 4-, 6- and 8- Pin Modular Plug (8P8C, 6P6C, 6P6C Offset, 6P4C, 4P4C, 4P2C)
TWZ568R	For 6-, 8- Pin Modular Plug (8P8C, 6P6C, 6P4C)
TWZ2094	For 4- Pin Modular Plug (4P2C, 4P4C)
TWZ2096	For 6- Pin Modular Plug (6P2C, 6P4C, 6P6C)
